

Porta Potty Sizes

Porta potty dimensions may vary slightly by manufacturer.

Call **888-251-2660** for nationwide **porta potty rentals**.

Standard (Construction & Events)

4' wide, 7'4" tall, 3'8" deep

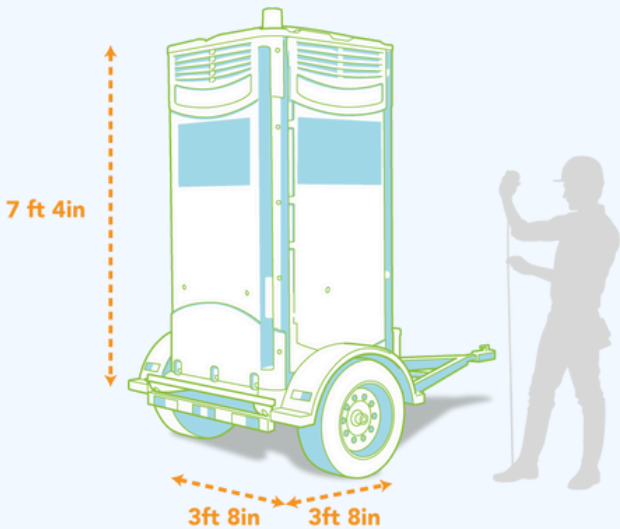

A step-up from the standard units, a flushable porta potty with a sink may be slightly larger to accommodate for additional features.

OSHA recommends two portable toilets for every 15 crew members.

Construction Porta Potty w/ Trailer

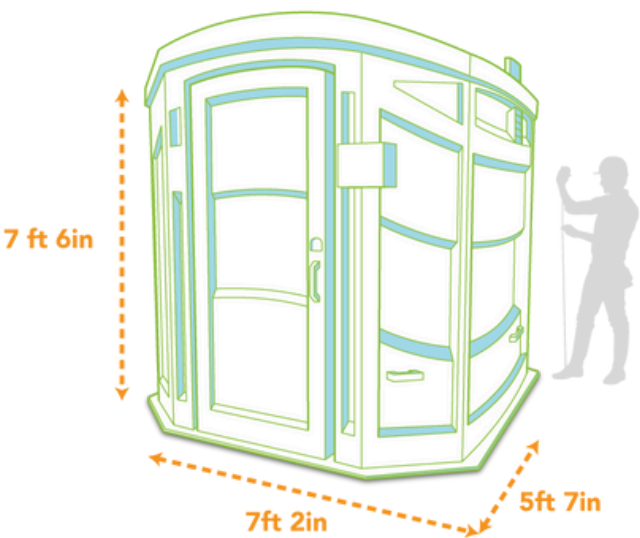

3'8" wide, 7'3" tall, 3'8" deep

Ideal for large worksites that span several miles. Can be hitched and towed as needed. Multiple stalls can be arranged for larger crews.

ADA Compliant Porta Potty

7'2" wide, 7' 6" tall, 5' 7" deep

Americans with Disabilities Act (ADA)-compliant portable toilets provide additional space to accommodate wheelchairs and other mobility devices.

ADA toilets can also be great for events like weddings to accommodate gowns or adults accompanying small children.

Restroom Trailer

Varies, 8' tall, 8' deep

With their polished interior, running water, and flushing toilets, restroom trailers are an ideal option for more formal events like weddings. They can contain up to 10 stalls.
